*A custom search for any item you desire is available.  
Your search includes a complimentary consultation  
with an estimate of search time and item availability.*

## FREQUENTLY ASKED QUESTIONS

*Can we pick items up ourselves?*

It depends! Difficult-to-move items and ones that are stored in our warehouse require delivery, while smaller items that are in our studio can be picked up and dropped off. If you are picking up and dropping off, we will work with you to set a time window for arrival—we are not always here!

*How long can we keep our rentals?*

All rentals are formally for one day but as long as nobody else needs a piece immediately before or after you, we may make different arrangements.

*How do I care for your items?*

We wash everything ourselves to make sure that it is up to our high standards. Plates should be wiped clear of food before they are returned, and stacking them on their sides is helpful to keep them from breaking. If you have a napkin rental and we are not picking up immediately after the event, we recommend washing them after use so that they do not get permanent stains.

*Do I need to be a planning client to rent items?*

Absolutely not! Planning clients receive a vintage rental discount, but many of our vintage rental clients do not book any planning service.

*Will you set my items up?*

Rented items do not have set up or styling included in the cost. Please contact us if you have a question about set up of the item(s) you are renting—we can add this to your order!

*I'm looking for something that I don't see on your list. Can you get it for me?*

Ask because it may already be in stock but not listed! We are always bringing in new pieces. If we don't have it, we may be able to find it for you.
